On behalf of The Hong Kong Institute of Surveyors – Property and Facility Management Division (HKIS - PFMD), I extend my warmest congratulations to the Hong Kong Association of Property Management Companies Limited (HKAPMC) on another milestone year and on the publication of this yearbook. We are proud to continue our fruitful collaboration with HKAPMC in co-organising the Quality Property and Facility Management Award (QPFMA).

Whether serving in government bodies, public corporations, developers, NGOs, consultancies, or management firms, professional surveyors tirelessly apply their expertise to shape and maintain a liveable, dynamic, and sustainable environment for our community.

As our city evolves, remaining at the forefront of technological advancements and adapting to shifting social expectations is essential to fulfilling our core mission as one of the surveyors of Property and Facility Management, we extend far beyond physical maintenance; our focus now firmly centres on elevating service quality, maximizing operational efficiency, and enhancing the overall experience of the people we serve.

I look forward to closer collaboration with the HKAPMC, working hand in hand to drive the high-quality development of our industry and contribute to the prosperous future of our community.

Congratulatory Message

On behalf of the Department of Urban Planning and Design at The University of Hong Kong I am delighted to congratulate The Hong Kong Association of Property Management Companies (HKAPMC) on its anniversary and its continued success.

Over the years, HKAPMC has played a pivotal role in elevating the profession, safeguarding the interests of owners, residents, and the public. Through its dedication to maintaining professional standards and promoting continuous learning via seminars, forums, and training, it has cultivated generations of industry leaders. The Association's role as a trusted intermediary has fostered constructive dialogue between industry stakeholders and government, driving positive change for Hong Kong's urban landscape.

As technology reshapes cities around the world, how we manage our buildings increasingly influences the future of urban planning. Property management today sits at the frontline of smart urban development, where technology, policy, and people meet. Having served Hong Kong for over three decades, HKAPMC has never stood still. In recent years, the Association has embraced the wave of smart management—championing PropTech, the Internet of Things (IoT), and Building Information Modeling (BIM) as tools not merely for efficiency, but for building a safer, more caring living environment. After all, buildings are ultimately for the people who live and work in them. How we care for them shapes the kind of city we become.

As we celebrate this milestone, we at The University of Hong Kong cherish our ongoing relationship with HKAPMC and look forward to many more years of collaboration—working together to advance the profession, nurture talent, and contribute to a better Hong Kong.

Happy Anniversary!

Professional Practical Study Visits and Exchange, Technological Innovation Connecting to a Smart Future

In the face of the rapid development of innovative technology and the growing popularity of the concept of sustainable development, the industry must keep pace with the times and continuously broaden its horizons. In addition to various training courses, the Association also actively promotes professional study visits and cross-border exchange, striving to grasp the latest market dynamics and technological trends to drive the industry's sustainable development.

In terms of local technical study visits, the Association visited the Hong Kong Construction Industry Craft Testing Centre in November 2025 and February 2026 respectively. Through on-site visits and professional explanations, we gained an in-depth understanding of the construction process and application cases of Modular Integrated Construction (MiC), and observed the latest technology in electrical and mechanical system connections.

In terms of cross-border exchange, the Association's delegation, together with the Property Management Services Authority, travelled to Shenzhen in November 2025 to visit the Authority of Qianhai Shenzhen-Hong Kong Modern Service Industry Cooperation Zone, the Development Department of the Shenzhen Park of the Hetao Shenzhen-Hong Kong Science and Technology Innovation Cooperation Zone, and the Shenzhen Municipal Housing and Construction Bureau, deepening cooperation in property management in the Guangdong-Hong Kong-Macao Greater Bay Area and conducting in-depth discussions on topics such as policy coordination, professional cultivation, and cross-regional cooperation.

In addition, the Association organized a delegation to Shanghai and Hangzhou in April 2026 for a smart property technology study tour, comprehensively exploring the latest developments in smart property, artificial intelligence (AI), and property technology (PropTech). During the trip, we visited smart monitoring centres, AI application scenarios, and PropTech exhibition platforms, and engaged in deep exchanges with local experts. Strengthening Government Liaison and Legislative Advocacy, Safeguarding Industry Rights and Interests

As the industry's representative, the Association has always maintained close contact with various Government departments, serving as a bridge between the industry and the Government, actively participating in public policy discussions and regulatory review work, and striving to strike a balance between promoting public interest and accommodating the industry's practical operational needs.

Regarding the amendment of the Building Management Ordinance, the Association met with the Home Affairs Department multiple times, and on 10 March 2026, together with the "Hong Kong Alliance of Professional Housing, Property & Facility Management," met with Ms. TO Kit-lai, JP, Director of Home Affairs, Mr. TE Chi-wang, JP, Deputy Director, and Miss LI Ka-yuen, JP, Assistant Director, to discuss the proposed amendments one by one. We thank the Department's team for introducing in detail the preliminary concepts and specific implementation details of the legislative amendments, and for earnestly listening to the industry's observations and suggestions. The industry hopes that while strengthening the transparency and accountability of building management, the actual operational circumstances of the industry will also be taken into account, ensuring the policy is enforceable. Subsequently, on 27 April 2026, the Association met with Legislative Council Member The Hon Julia Lau, JP of the Architectural, Surveying, Planning and Landscape Functional Constituency, to comprehensively analyse the severe challenges currently facing the industry in terms of operations, manpower, and regulatory compliance. We thank The Hon Julia LAU, JP, for listening to the industry's voice and for stating that she would relay our concerns to the Government.

Regarding fire safety and the amendment of the Fire Safety Ordinance, given the high level of public concern for building fire safety, the Association held meetings with the Fire Services Department on 19 December 2025 and 4 August 2026 respectively, actively following up on safety enhancement proposals after the Tai Po Wang Fuk Court fire incident. At the same time, the Association also provided professional opinions on the current fire service equipment maintenance and inspection regime, suggesting that when implementing legislative amendments and policies, the Government should take into account the industry's actual operational circumstances and implementation needs, and preserve appropriate flexibility for contingency situations while raising fire safety standards. Specific and detailed suggestions were made regarding issues under the "responsible person for fire service installations" regime in the Fire Safety Ordinance amendment, including "Reasonable Excuse," "Management Costs," and potential conflicts with the Building Management Ordinance. Through close communication with the Fire Services Department, the Association has further deepened cooperation and mutual trust between the industry and the Government, laying the foundation for establishing a more comprehensive fire safety framework.

Regarding environmental protection, we held a meeting with the Environmental Protection Department on 19 January 2026. The Environmental Protection Department thanked the Association for its continued contribution to waste reduction and established an annual waste reduction collaboration blueprint, fully supporting municipal solid waste reduction policies to help alleviate the burden on incinerators and landfills and promote sustainable development.

Regarding housing affairs, we held meetings with representatives of the Housing Department on 20 January and 29 May 2026, conducting in-depth discussions on public housing outsourcing schemes, tender system optimisation, and the application of IoT and smart technology, including ESG initiatives, indoor cleaning robots and the Mobile Access for Security and Duty Patrol (MASDP) application, AI smart monitoring, drone inspections, IoT sensors, and smart management mobile applications, fully promoting the intelligentisation of public housing management to enhance management efficiency and resident satisfaction.

Gathering Industry Elites, Celebrating Industry Events Together

In addition to actively communicating with the Government and all sectors of society, the Association also places great importance on exchange among peers. On 9 March 2026, we organized the "Hong Kong Alliance of Professional Housing, Property & Facility Management Joint Spring Dinner" which was honoured by the presence of Miss MAK Mei-kuen, SBS, JP, Secretary for Home and Youth Affairs, as the guest of honour. The event successfully united industry forces and fully demonstrated the close cooperative relationship between the Government and property management organizations.

The Association actively promotes interaction and fellowship among peers. On 8 and 15 November 2025, we successfully organized the "2025 Hong Kong Property Management Companies Association Football Tournament," and the 2026 tournament will be held on 7 and 14 November. Member companies participated very actively, demonstrating everyone's spirit of unity. At the same time, the Association has also established a football team, which has held multiple friendly matches with industry colleagues and will conduct invitation matches with various Government departments, adding colour to the entire event and deepening ties between the industry and the Government.

Meanwhile, the highly anticipated "Quality Property and Facility Management Award 2026 (QPFMA)" has also reached a new milestone. This year's theme is "Integrated PFM Services, Creating a Digitized Smart City" with a total of 150 projects participating, and the number of nominations breaking previous records, fully reflecting the industry's determination to pursue excellence and continuous innovation. The Association's Annual Dinner and the "Quality Property and Facility Management Award" Presentation Ceremony are scheduled to be grandly held on 27 October 2026, continuing to recognise outstanding projects and professional achievements in the industry and leading the industry to a higher level.

教育及培訓委員會報告
Education and Training Committee Report

回顧過去一年，自 2025 年 11 月發生大埔火災事件後，全面喚起了業界對市民消防安全責任的強烈意識，亦進一步印證物業管理從業員不僅肩負確保設施穩當，更擔當社區生命安全的關鍵守護角色。有鑑於此，本委員會即時調整年度培訓策略，將消防安全及應急整備列為核心優先議題，務求協助會員機構從事件中汲取前瞻教訓，系統性提升前線人員的危機應變及風險管控能力。

在具體培訓部署方面，本委員會分別於二 O 二六年三月及四月舉辦了兩場重點講座。三月份的「棚網檢測及未來方向」講座，聚焦樓宇外牆棚架及防護網系統的結構安全檢測標準、定期巡查要點及潛在風險識別，同時探討業界在檢測技術及監管合規方面的未來發展趨勢，協助會員強化對外牆建構的安全管理意識及實務操作能力；四月份則聯同香港註冊消防工程公司商會合辦「認識消防系統及相關保養」講座，深入闡釋消防裝置的日常檢測規範、法定合規要求及實務中常見誤區，精準回應業界對消防維修質素及監管遵從的殷切需求。兩項活動均獲得業界廣泛迴響，參與人數踴躍，謹此由衷感謝各從業員的鼎力支持與高度專注，閣下的積極參與正是本委員會持續推進專業培訓工作的堅實基石。

與此同時，本年度培訓項目繼續維持物業管理服務局（PMSA）認可為持續專業發展（CPD）策劃項目的官方資格，確保所有課程內容嚴謹對應行業準則及監管框架。會員可透過參與本委員會舉辦之培訓活動，便捷完成持續專業培訓時數要求，進而鞏固其專業資格及市場認受性。

除上述專題講座外，本委員會亦持續籌辦涵蓋物業保養、法規更新及樓宇安全等範疇的恆常研討會，並衷心感謝機電工程署、香港房屋委員會、香港房屋協會及廉政公署等政府部門及非政府機構的長期協作與專業支援。

綜觀過去一年，本委員會持續跟進行業關注議題，並在提升物業管理安全水平方面作貢獻。本人謹向全體會員及合作夥伴致以摯誠謝忱，感激各位的不懈支持與信賴。我們將繼續秉持專業責任、安全至上與共同承擔的核心價值，與業界攜手並進，切實守護市民的安居環境。

展望新年度，本委員會將持續圍繞安全治理、科技應用及合規監管三大戰略主軸，策劃更多具針對性及影響力的培訓項目，協助會員掌握前沿專業知識與實務操作技能，從容應對物業管理行業日趨複雜的演變與挑戰。

教育及培訓委員會報告
Education and Training Committee Report

Over the past year, the Taipo fire incident in November 2025 significantly heightened the industry's awareness of fire safety responsibilities. It further affirmed that property management practitioners are not only tasked with ensuring the proper functioning of facilities but also play a critical role as guardians of community life safety. In response, our Committee promptly adjusted the annual training strategy, designating fire safety and emergency preparedness as core priorities. We aimed to assist member organizations in drawing forward-looking lessons from the incident and systematically enhance frontline staff's crisis response and risk management capabilities.

Regarding specific training initiatives, the Committee hosted two key seminars in March and April 2026. The seminar in March, titled "Scaffolding Net Inspection and Future Directions" focused on structural safety inspection standards for external building scaffolding and protective netting systems, key points for regular patrolling, and the identification of potential risks. It also explored future industry trends in inspection technology and regulatory compliance, helping members strengthen their safety management awareness and practical operational capabilities concerning external building structures. In April, we collaborated a seminar titled "Understanding Fire Safety Systems and Maintenance" with the Association of Registered Fire Service Installation Contractors of Hong Kong. This seminar provided in-depth explanations of the daily inspection protocols for fire service installations, statutory compliance requirements, and common practical pitfalls, precisely addressing the industry's pressing needs regarding fire maintenance quality and regulatory adherence. Both events received an overwhelming response from the industry, with high participation rates. We sincerely thank all practitioners for their tremendous support and dedicated attention, your active involvement forms the solid foundation upon which the Committee continues to advance its professional training efforts.

In parallel, training programs of the year have maintained their official accreditation as Continuing Professional Development (CPD) initiatives by the Property Management Services Authority (PMSA), ensuring that all course content rigorously aligns with industry standards and regulatory frameworks. Members can conveniently fulfil their ongoing professional training hour requirements by participating in the training activities organized by our Committee, thereby reinforcing their professional qualifications and market recognition.

Beyond the thematic seminars, our Committee has consistently organized regular training sessions covering property maintenance, regulatory updates, building safety and other relevant areas. We would like to express our heartfelt gratitude to the Electrical and Mechanical Services Department (EMSD), the Hong Kong Housing Authority (HKHA), the Hong Kong Housing Society (HKHS), the Independent Commission Against Corruption (ICAC) and other government departments and non-governmental organizations for their continued collaboration and professional support.

Over the past year, our Committee has proactively followed up on industry issues of concern and contributed to raising safety standards in property management. I would like to extend my sincere appreciation to all members and partner organizations for your unwavering support and trust. We will continue to uphold the core values of professional responsibility, safety first, and shared commitment, working hand in hand with the industry to genuinely safeguard the living environment of our citizens.

香港物業管理公司協會一直致力匯聚業界智慧，積極舉辦多元交流活動，包括實地考察、訪問參觀、線上線下講座及研討會等，為會員提供先進物管科技與產品資訊，協助拓寬視野、突破傳統管理模式。

面對創新科技及可持續發展新趨勢，業界需擴闊眼界、掌握更多資訊。本會先後兩次組團前往上海及杭州考察，深入了解人工智能、智慧物管及綠色管理在內地市場的最新發展與實際應用，並與內地從業員深入交流。我們希望透過跨區域合作，與大灣區及內地城市接軌，將成熟可行方案帶來香港，推動行業升級轉型。同時，協會亦積極向政府提出有關人工智能及智慧管理的建議，推動科技在物管範疇更廣泛落地。

一、 2026 年上海及杭州考察團（2026 年 4 月 22 日至 26 日）

本會於 2026 年 4 月 22 日至 26 日組織上海及杭州考察團，獲多家內地頂尖科技企業及行業協會熱情接待，包括：智慧 e 谷、中控資訊產業股份有限公司、豆瓣網路科技、大華技術股份、杭州市具身智能展示中心、上海啟勝環貿廣場 iAPM、上海市物業管理行業協會、萬物雲（萬科），以及信德前灘（上海）文化置業有限公司。重點如下：

1. 杭州高新區（濱江）— 創科生態與國家級開發區

杭州高新區（濱江）成立於 1996 年，是經國務院批准設立的國家級高新技術產業開發區。2025 年在全國國家級高新區綜合排名中位列第六，多項核心經濟指標位居全省第一，累計培育 76 家上市公司。團員透過參觀智慧 e 谷、中控資訊、豆瓣網路及大華技術等企業，體會到當地創科生態的蓬勃發展，以及人工智能與物聯網技術如何賦能傳統產業。

2. 上海市物業管理行業協會 — 行業規範與挑戰

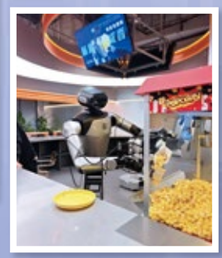

上海物協成立於 1994 年，下設秘書處及 17 個專業委員會，會員單位約 2000 家，管理上海 80% 以上建築面積。會上提到，政府及社會對物業行業關注度極高，物業作為剛需行業，重要性日益凸顯。然而，內地新法規要求物業承擔電梯、消防等特種設備安全管理責任，且巡查頻次極高，導致企業壓力巨大。雙方就兩地法規差異及實務操作深入交流。

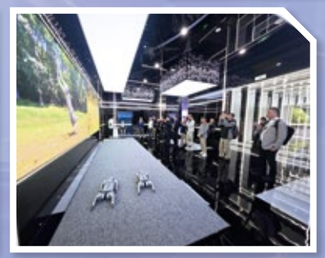

3. 萬物雲（萬科）— 智慧物管系統「靈石」

萬物雲在上海管理規模約 25 億元，住宅項目 170 多個，營收約 12 億元；商業寫字樓項目 175 個，營收約 9 億元。會上介紹了「靈石」系統，該系統邊緣集成園區所有攝像設備，無需更換專用攝像頭；具備自動工單功能，捕捉異常後自動生成工單並派發附近人員；結合藍牙信號與電子工牌管理保安等大基數人員。萬物雲推薦「租賃模式」，內地報價約 66,000 元人民幣 / 年 / 台服務器（含算力卡及軟件服務），硬件投入主要為服務器及少量傳感器，無需大面積改造攝像頭，部署成本遠低於想像，可根據樓宇數量及不同牌子攝像頭靈活配置，為香港物管公司提供了極具參考價值的低成本轉型方案。

4. 上海啟勝環貿廣場 iAPM — AI 賦能政企聯動
iAPM 採用 AI 系統連接政府平台，實時監測大樓電力、消防、電梯、安防等設施，確保高效運營與合規性，實現「政企聯動」，提升公共安全與應急響應能力。考察期間亦與香港同事長駐國內工作分享寶貴經驗。

5. 前灘 31 參觀 — 文化藝術與社區融合
前灘 31 項目高度重視文化藝術元素，規劃建設世界級劇院，引入各類高水平展覽與演出，打造集居住、購物、文化體驗於一體的綜合社區，實現各業態協同效應，為香港未來社區綜合體管理提供新思路。

二、 其他對外交流與考察活動

1. 參與 2026 中國國際物業管理產業博覽會（2026 年 7 月 1 日）
博覽會匯聚國內外眾多物管科技供應商及行業專家，展示最新智慧物管解決方案、綠色節能技術及社區服務模式。會員透過參觀掌握行業前沿動態，並與參展商建立聯繫，有助日後引入合適技術。

2. 參觀香港建造業工藝測試中心（2026 年 2 月 9 日）
本會組織會員參觀香港建造業工藝測試中心，深入了解建造業工藝測試標準及最新技術應用，特別是在物業維修保養、設施管理及新技術培訓方面。透過實地觀摩，會員對行業人才培訓及工藝標準有更深刻認識，有助提升物業管理專業水平及服務質量。

3. 與物監局保持緊密聯繫及參與 PMSA 深圳前海考察
本會與物業管理業監管局（PMSA）保持緊密聯繫，經常就核心議題交換意見。早前亦參與 PMSA 代表團前往深圳前海考察，與當地政府部門及物管業界交流，了解兩地行業發展情況，有助掌握大灣區物管行業最新政策及發展機遇，為會員開拓更多跨區域合作空間。

三、 未來展望

對外事務委員會將繼續秉持推動行業創新發展的核心使命，構建物業管理行業與前沿科技公司的全維度交流與協作生態。我們將繼續向政府提出有關人工智能及智慧管理的建議，推動科技在物管範疇更廣泛落地；同時深化與大灣區及內地城市聯繫，將成熟可行方案帶來香港，推動行業升級轉型。希望會員們多多參與支持。

對外事務委員會報告
External Affairs Committee Report

The HKAPMC has consistently dedicated itself to gathering industry wisdom and organising diverse exchange activities, including site visits and tours, to provide members with information on advanced property management technologies and products, helping to broaden perspectives and break through traditional management models.

In the face of new trends in innovative technology and sustainable development, the industry must broaden its horizons. To this end, the Association has organized two delegations to Shanghai and Hangzhou to study the latest developments in AI, smart property management, and green management in the mainland market, and to exchange views with mainland practitioners. Through cross-regional cooperation, we hope to connect with the Greater Bay Area and mainland cities, bringing mature solutions to Hong Kong to drive industry upgrading. The Association has also been actively submitting proposals to the government on AI and smart management to promote wider technological adoption in property management.

I. 2026 Shanghai & Hangzhou Visit (22-26 April 2026)

The Association organized a Shanghai and Hangzhou visit from 22 to 26 April 2026, and was warmly received by leading mainland technology enterprises and industry associations, including Smart E Valley, Supcon, Douban Internet, Dahua Technology, Hangzhou Embodied Intelligence Exhibition Centre, Shanghai iAPM, the Shanghai Property Management Industry Association, Onewo (Vanke), and Shun Tak Qiantan (Shanghai) Cultural Properties.

The delegation visited the Hangzhou High-Tech Zone (Binjiang), a national-level high-tech development zone ranked sixth nationwide in 2025 with 76 listed companies, witnessing how AI and IoT empower traditional industries. At the Shanghai Property Management Industry Association, members learned that new mainland regulations require property managers to bear safety responsibilities for lifts and fire safety with extremely high inspection frequencies, prompting in-depth exchanges on regulatory differences. Onewo introduced its "Ling Shi" smart system, which integrates existing cameras without replacement, features automatic work order dispatch, and uses Bluetooth and electronic staff cards for personnel management; its "rental model" costs approximately RMB 66,000/year/server, offering a highly valuable low-cost transformation solution for Hong Kong. The delegation also visited Shanghai iAPM, which uses AI linked to government platforms for real-time monitoring and "government-enterprise collaboration", and Qiantan 31, a cultural-arts-integrated community project, providing new ideas for Hong Kong's integrated community management.

II. Other External Exchange and Visit Activities

1. 2026 China International Property Management Industry Expo (1 July 2026)
The Expo brought together property management technology suppliers and industry experts, showcasing the latest smart solutions, green technologies, and community service models. Members grasped the latest industry trends and established contacts with exhibitors.

2. Hong Kong Construction Industry Craft Testing Centre (9 February 2026)
Members gained an in-depth understanding of craft testing standards and the latest technological applications, particularly in property maintenance, facility management, and new technology training, helping to enhance professional standards and service quality.

3. PMSA Shenzhen Qianhai Visit (14 November 2025)
The Association maintains close ties with the PMSA, frequently exchanging views on core issues. The delegation to Qianhai exchanged with local government departments and the property management industry, helping members grasp the latest policies and opportunities in the Greater Bay Area.

III. Future Outlook

The External Affairs Committee will continue to uphold its core mission of promoting innovative development, building a comprehensive ecosystem for collaboration between the property management industry and technology companies. We will continue to submit proposals to the government on AI and smart management, deepen ties with the Greater Bay Area and mainland cities, and bring mature solutions to Hong Kong to drive industry upgrading. We hope members will continue to participate and support.

協會於過去一年繼續與政府部門及協作團體保持緊密聯繫，同時肩負社會責任。我們榮幸受邀出席「香港義工獎 2026」啟動禮，與各大企業及機構交流經驗，共同推動義務工作，從而擴大義工服務的社會影響力。

此外，我們出席了由香港警務處舉辦的「安全城市大使計劃委任及嘉許典禮 2026」，並獲警務處委任為「安全城市大使」，彰顯物業管理前線員工在保障社區安全方面的重要角色與責任。我們亦全力支持於 2026 年 7 月 24 日舉行的「香港保安從業員日」，向堅守崗位、維護社會秩序的保安人員致以崇高敬意。我們深信，前線專業人員的專業與堅守崗位，讓香港能夠保持安全、有序與穩定。

為提升公眾意識及令市民更加深入認識物管工作，我們透過主流媒體保持透明溝通，及時回應公眾對樓宇管理及突發事件的關注。就宏福苑事件及《建築物管理條例》（第 344 章）修訂等議題，我們接受多個訪問以提供專業見解，從而強化行業形象及公眾信任。

本人衷心感謝各會員於過往對協會的鼎力支持及積極參與協會舉辦的活動，並期望各會員於未來日子對本協會繼續支持。

公共關係委員會報告
Public Relations Committee Report

The mission of the Public Relations Committee is to promote the profile and significance of the Association in the community as well as to strengthen mutual understanding and relationships with other organizations.

In the past year, the Association continued to maintain close collaboration with government departments and partner organisations while also shouldering its social responsibility. We were honoured to be invited to attend the "Hong Kong Volunteer Awards 2026" Launch Ceremony, engaging with leading corporations and organizations to exchange experiences and jointly advance volunteer services, thereby amplifying their social impact.

Furthermore, we attended the "Safe City Ambassador Programme Appointment and Commendation Ceremony 2026" organized by the Hong Kong Police Force and were appointed as "Safe City Ambassadors" by the Police Force, highlighting the vital role and responsibility of property management frontline staff as an important safeguard for community safety. We also fully supported the "Hong Kong Security Personnel Day" held on 24 July 2026, paying high tribute to security staff who remain dedicated at their posts to safeguard social order. We firmly believe that the professionalism and dedication of frontline professionals enable Hong Kong to remain safe, orderly and stable.

To enhance public awareness and deepen citizens' understanding of property management work, we maintain transparent communication through mainstream media, promptly addressing public concerns on building management and emergencies. On issues such as the Wang Fuk Court incident and the amendments to the *Building Management Ordinance (Cap. 344)*, we gave multiple interviews to provide professional insights, thereby strengthening the industry's image and public trust.

I would like to extend my heartfelt gratitude to all members for their staunch support and active participation in the events organized by the Association and I look forward to your continued support in the coming years.

出版事務委員會報告
Publication Committee Report

2026 年度，出版事務委員會在既有基礎上持續優化溝通平台，透過多元渠道深化與會員及社會各界的聯繫。我們致力提升資訊傳播的質量與廣度，協助會員緊貼物業管理行業的政策動向與發展機遇。

積極參與政策諮詢　為業界發聲

年內，協會積極就多項影響深遠的政策及法規諮詢提交專業意見，充分發揮業界建言角色：

（一）就「香港首個五年計劃」及《2026 年施政報告》提交意見書（2026 年 8 月 17 日）
協會獲邀出席由財政司司長主持的聯合諮詢會，會長朱啟明先生代表業界就智慧物管發展的法規瓶頸（包括無人機飛行限制、機械人運作規範及私隱條例對數據收集的影響）提出三項建議：

設立跨部門統籌小組檢討法規、推行政府主導的試點計劃，以及加強與內地及國際城市的產業合作。意見獲高度重視。

（二）就《消防條例》（第 95 章）修訂提交意見書（2026 年 6 月 25 日）
協會歡迎政府引入物管公司在大廈消防措施的法定責任，並就落實細節提出詳盡意見書，我們歡迎政府加強監管及提升樓宇安全。

（三）就物業管理業監管局《「處理緊急事故」操守守則及作業指南》（修訂版）提交意見書（2026 年 6 月 3 日）
協會就緊急事故應變流程、通報機制、人員培訓及責任分配等提出優化建議，使守則更貼合業界實務需要，提升行業應急管理水平。

除上述三項重點諮詢外，協會年內亦持續就《建築物管理條例》（第 344 章）修訂，與民政事務總署會面討論並回應公眾諮詢，當中包括建議進一步立法管制持授權書人士的利益申報問題，以杜絕假授權書及潛在利益衝突。

持續更新行業資訊　提升專業形象

出版事務委員會持續透過官方網站（www.hkapmc.org.hk）及電郵（office@hkapmc.org.hk）發放最新行業動態，並廣納會員及公眾意見。年內，網站不斷上載協會跟進政府政策的最新進展，包括與各政府部門的會議紀要、提交的意見書全文，以及其他影響行業發展的重要資訊，充分發揮協會作為業界與政府橋樑的角色。全部意見書均已透過電郵發送予全體會員，並同步上載至協會網站，確保資訊透明及會員知情權。

社交媒體表現卓越　擴大業界影響力

協會積極拓展社交媒體宣傳，LinkedIn 專頁的影響力持續擴大，每月平均瀏覽量超過 15,000 次。此平台有效提升協會在專業領域的能見度，讓更多業界人士及持份者掌握協會的最新動態與行業前瞻觀點。我們誠邀各界持續關注，緊貼本會最新資訊。

展望來年，出版事務委員會將繼續精益求精，透過更務實及多元化的方式服務會員，促進業界交流，共同推動香港物業管理行業的專業化與可持續發展。

出版事務委員會報告
Publication Committee Report

In 2026, the Publications Committee continued to build on its established foundations by optimizing communication platforms and deepening connections with members and the wider community through diverse channels. We are committed to enhancing the quality and reach of information dissemination, helping members stay abreast of policy developments and opportunities within the property management industry.

Active Participation in Policy Consultations – Giving Voice for the Industry

During the year, the Association proactively submitted professional opinions on several impactful policies and legislative consultations, fully exercising our advisory role on behalf of the sector:

(i) Submission of Views on Hong Kong's First Five-Year Plan and the 2026 Policy Address (17 August 2026)

The Association was invited to attend a joint consultation session chaired by the Financial Secretary. Our President, Mr. CHU Kai-ming, Kevin, represented the industry in presenting three recommendations addressing regulatory bottlenecks for smart property management development (including drone flight restrictions, robot operational guidelines, and the impact of privacy ordinances on data collection), i.e. establishing a cross-departmental coordination unit to review regulations, launching government-led pilot schemes, and strengthening industrial collaboration with Mainland and international cities. These views were highly regarded by the authorities.

(ii) Submission on Amendments to the Fire Services Ordinance (Cap. 95) (25 June 2026)

The Association welcomed the Government's introduction of statutory responsibilities for property management companies regarding building fire safety measures. We submitted a detailed position paper on implementation specifics, expressing our support for enhanced regulation and improved building safety.

(iii) Submission on the Property Management Services Authority's (Revised) Code of Conduct and Guidelines on "Handling Emergency Incidents" (3 June 2026)

The Association put forward recommendations for optimizing emergency response procedures, notification mechanisms, staff training, and duty allocation, aiming to make the code more aligned with practical industry needs and to elevate the sector's emergency management standards.

Beyond the three key consultations above, the Association also continued its engagement throughout the year on amendments to the *Building Management Ordinance (Cap. 344),* holding meetings and responding to public consultations with the Home Affairs Department. This included proposals for further legislative controls on declaration of interest by people holding proxy instruments, with a view to eliminating fraudulent authorizations and potential conflicts of interest.

Continuous Updating of Industry Information – Enhancing Professional Image

The Publications Committee continued to disseminate the latest industry developments through the official website (www.hkapmc.org.hk) and email (office@hkapmc.org.hk), while actively soliciting feedback from members and the public. Throughout the year, the website was regularly updated with the Association's latest progress on government policy matters, including meeting minutes with various government departments, full text of submitted position papers, and other important information affecting industry development, which fully leveraging the Association's role as a bridge between the industry and the Government. All position papers were distributed to all members via email and simultaneously uploaded to the Association's website, ensuring information transparency and member awareness.

Outstanding Social Media Performance – Expanding Industry Influence

The Association actively expanded its social media presence, with the LinkedIn page continuing to grow in influence, achieving an average monthly viewership of over 15,000. This platform has effectively enhanced the Association's visibility within the professional sphere, enabling more industry practitioners and stakeholders to stay informed of the Association's latest updates and forward-looking industry perspectives. We cordially invite all stakeholders to continue following our channels for the most current information.

Looking ahead to the coming year, the Publications Committee will continue to strive for excellence, serving our members through pragmatic and diversified approaches, fostering industry exchanges, and collectively promoting the professionalization and sustainable development of Hong Kong's property management industry.
